## OBJETIVE

I want to scale up and enhance my knowledge and skills, as well as find a place where I can grow as a programmer.

## ABOUT MYSELF

I consider myself an analytical and determined individual when it comes to making decisions. I don't hesitate to use everything at my disposal to achieve my goals. I am resourceful and possess leadership qualities.

## EXPERIENCE

### SOFTWARE INSTALLATION TECHNICIAN - EDUCAMADRID

[September 14, 2021 - December 20, 2021]

I performed software installations in several public schools as a technician, specifically open-source software, operating systems like MAX Linux, and resolved issues related to them.

## EDUCATION

### IT AND NETWORK TECHNICIAN – IES JUAN DE LA CIERVA

Obtained competencies in hardware knowledge, operating systems, Linux, office applications, and a solid foundation for navigating within my field.

### WEB DEVELOPER – IES CLARA DEL REY

Learned programming languages of great relevance: HTML, CSS, JS, Java, SQL, PHP, and frameworks like Symfony. Also, gained a strong foundation in programming to learn others in the future.

## SKILLS

- ❖ Office Suite: Intermediate level in Word, Excel, PowerPoint.
- ❖ Programming Languages: High proficiency in HTML, CSS; Intermediate level in JavaScript, SQL, PHP; Basic level in Java and Python.
- ❖ Other: B2-level English, Intermediate level in Windows and Linux, Intermediate level in frameworks like Bootstrap.
